The product information on the Web Site or Materials is subject to change without notice. Do not finalize a design with this information.

These diagrams are not to scale and represent an idealized view of the component PINs. See the component data sheet for detailed information. The data sheet contains essential information which cannot be represented by a diagram. The pinout is shown from the top of the board.

Refer to the data sheet for specific component information and pinout details. The pinout diagram is provided for reference purposes only and should not be used as the sole source of information.

Please note that the diagram may not accurately reflect the actual layout or pin assignments of the components. For precise information, consult the component data sheet.
