Ph.D. Student Positions at the University of Oklahoma

Dr. Song Fang is looking for self-motivated Ph.D. students who are interested in pursuing Ph.D. degree with a focus on computer and network security, starting in Fall 2019.

Dr. Song Fang is an assistant professor in Computer Science at the University of Oklahoma (OU). His research interests lie primarily in wireless and mobile system security, cyber-physical systems and IoT security, and mobile computing. His research has appeared in premier conferences and journals, including ACM MobiCom, ACM CCS, IEEE TDSC, IEEE TMC, IEEE TIFS, etc. He received his Ph.D. in computer science and engineering from the University of South Florida in August 2018. Before that, he received his B.Eng. from the South China University of Technology and M.Eng. from the Beijing University of Posts and Telecommunications.

Students with one of the following backgrounds are encouraged to apply: cybersecurity, wireless communications, hardware implementation experience, and strong programming skills.

If interested, please email your CV and other supporting documents to songf@ou.edu.

About OU:
• OU is a flagship university in Norman, Oklahoma, with the Carnegie Classification of “R1: Doctoral Universities – Highest Research Activity”;
• US News & World Report ranks OU in the top 50 (No. 41) in the "Top Public Schools – National Universities" category;
• Norman is a culturally rich and vibrant town located in the Oklahoma City metro area.

More information on Dr. Fang’s research may be found at http://www.cs.ou.edu/~songf/.
